

## **Fantastic Fun for Fabulous Futures**

### **Pre Primary**

A splash of colour for artistic appreciation; a world of fantasy and fables for extensive lingual skills; a multitude of puzzles to tickle technical curiosity...and so much more!

DPS propagates the importance of the parent-child-teacher triangle – an underlining approach to all our exciting ventures. We believe that the tender early years are a perfect platform for developing skills to last a lifetime. Stemming from this value, young mothers are invited to bring their toddlers to join our exciting holistic programme and cement the beautiful mother-child bond through a journey that will unleash the inner potential of their toddlers.
