Keyboard

Music; from soulful melody to foot tapping rhythm – has always been the ingredient to complete holistic development. With this expertise, we proudly invite hopeful talented students to discover the music maestro hidden within.

Keyboard is the comprehensive instrument that can single-handedly transform the most basic of melodies to orchestral levels! The key to playing popular tracks; the tool for budding music artists. Be it compositions or sing-alongs, keyboard provides the multiple benefits of music popular in the world today.

Saturday School will provide ample and equal keyboard training time for all students. However, students are most welcome to bring along their own keyboard if they have one.
