

World Disability Day

Press Release for DPS

December 3, Karachi: Today, on World Disability Day, we celebrate the rights, dignity, and contributions of people with disabilities. This day is a reminder of our collective responsibility to build a world where inclusivity, accessibility, and equality are not just ideals but realities.

At Dawood Public School, we are committed to creating a system where students and staff of all abilities can thrive. Through initiatives like the Dawood Development Unit (DDU), we are building an evolving space that enables people with disabilities to be fully integrated into all aspects of life. We aim to ensure that they are not marginalized, but rather empowered to participate as equals in every part of society, from education to the workplace. The resilience and courage of people with disabilities is a mark of human determination – we passionately believe that their contributions enrich our community and inspire us to do better every day.

Trustee of The Dawood Foundation, Kulsum Dawood, remarked on Tuesday: *“The Dawood Developmental Unit reflects our conviction that everyone deserves an equal chance to succeed. By providing the right support, we aim to integrate people with disabilities into the mainstream, ensuring they live, study, and work with dignity. No one should be left behind.”*

In honour of this day, our students and staff have come together for a heartfelt performance of the timeless classic, Dosti, embodying the spirit of unity that transcends all differences and boundaries.
